Dear <Alum>,

We are proud to announce that 29 fellows have graduated from Class 11 of the Colorado Agricultural Leadership Program (CALP). These fellows committed to an 18 month program that included a series of seminars, workshops, and personal/community projects. Class 11 experienced Colorado's diverse agricultural economy first-hand through trips across the state; additionally, they learned about agricultural policy and trade by travelling to Louisiana, Washington D.C. and China. The fellows of Class 11 also managed and produced the *Governor's Forum on Colorado Agriculture*, an annual program that was revitalized with the astoundingly successful event produced by the CALP fellows.

Now, Class 11 plans to continue the community engagement and learning experiences offered by CALP beyond their time as fellows. CALP Class 11 and the Executive Board are pleased to announce the formation of the Colorado Agricultural Leadership Alumni Organization (CALAO) and we encourage you to become a member. The \$100 annual membership fee for CALOA will act as your contribution to the CALP program. We will not send you additional donation requests, but will gladly accept additional support as you are able.

The Colorado Agricultural Leadership Program is a 501(c)3 non-profit organization with an organizational goal to develop and enhance the leadership capabilities of diverse men and women committed to the future of Colorado's agriculture and rural communities. CALP is a hands-on, interactive program dedicated to producing graduates with the vision and commitment to lead, promote thriving agricultural economies, and support local communities.

Thank you for your support of the Colorado Agricultural Leadership Program. We hope that you will join us as a member of the Colorado Agricultural Leadership Alumni Organization.

Best regards,

Jerry Sonnenberg  
Chair, Executive Board  
Colorado Agricultural Leadership Program

Angie Cue  
Executive Director  
Colorado Agricultural Leadership Program
